# **OVERVIEW**

With the knowledge acquired and practical experience gained through personal projects, I confidently grasp programming concepts and swiftly acquire new skills

Strong understanding of HTML, CSS, and JavaScript/Typescript

Exhibits a profound understanding of **ReactJS**, **NextJS** and its fundamental principles - Using **Redux** to manage state Possesses practical experience with data structure libraries and integrating **RESTful APIs** 

Possesses experience in using UI libraries such as Ant Design and NextUI.

Understanding of JWT and Websocket

# **WORK EXPERIENCE**

## **AIPT GROUP**

07/2024 - now

#### **INTERCOM VIETNAM**

02/2024 - 07/2024

# F8 - Fullstack.edu.vn

06/2023 - 02/2024

## FRONT-END DEVELOPER

Responsible for developing front-end interfaces for Al-integrated websites, including features such as facial recognition, and voice recognition.

#### FRONT-END DEVELOPER

Take on a front-end position designing the user interface for an accounting software project

## TEACHING ASSISTANT FOR PROGRAMMING

Assisted and guided students with programming concepts, resolved their queries, and evaluated their homework assignments

# **PROJECTS**

## **Voice Master AI - AIPT GROUP**

11/2024 - 12/2024

Team size: 3

# **POSITION: FRONT-END**

- Contributed to the development of an Al-powered application for voice recognition and separation, capable of analyzing and transcribing audio inputs quickly and accurately.
- Designed and optimized user interfaces with React.js, TailwindCSS, and SCSS modules to deliver a clean and responsive design.

#### **TECHNOLOGY**

JavaScript, ReactJS, TailwindCSS, SCSS Modules, AntDesign

#### **Vision Master AI - AIPT GROUP**

08/2024 - 11/2024

Team size: 4

## **POSITION: FRONT-END**

- Collaborated with a team of 4 members to develop an Al-integrated web application with advanced features such as facial recognition, pose estimation, vehicle detection, and smoke and fire detection.
- Customized UI components with NextUI and styled the application using TailwindCSS and SCSS modules

## **TECHNOLOGY**

JavaScript, ReactJS, TailwindCSS, SCSS Modules, NextUI

#### **TAXNET - INTERCOM VIETNAM**

02/2024 - 07/2024

Team size: 10

#### **POSITION: FRONT-END**

Use reactjs and nextjs to build the user interface and coordinate with the backend to create a complete software

#### **TECHNOLOGY**

JavaScript, TypeScript, NextJS, TailwindCSS, NextUI

# **EDUCATION**

09/2021 - 04/2024

# **FPT POLYTECHNIC INTERNATIONAL**

Major: Infomation Technology

Studying Information Technology with a focus on software development, web programming, and system analysis. Gained practical experience through hands-on projects and real-world application development.

06/2023 - 02/2024

#### F8

Fullstack NextJS & NodeJS Course

Comprehensive training in full-stack web development, focusing on Next.js and Node.js. Covered key concepts such as front-end and back-end development, API integration, and building scalable web applications.

# **CERTIFICATIONS** -

03/2023

**TOEIC - 700** 

# **SKILLS**

#### **HTML & CSS**

Proficient in building and styling responsive web pages with HTML5 and CSS3, utilizing Flexbox, Grid, and modern CSS techniques for optimal design and accessibility.

## JavaScript/Typescript

Strong in JavaScript (ES6+), including asynchronous programming, object-oriented principles,...

#### **ReactJS**

Experienced in developing web applications using ReactJS, with expertise in Hooks, Context API, and state management libraries like Redux.

#### **NextJS**

Skilled in NextUS for server-side rendering (SSR), static site generation (SSG), and performance optimization to create fast, secure, and SEO-friendly web applications.

# Redux

Proficient in Redux for managing application state, including using Redux Toolkit to simplify implementation, improve performance, and handle complex state requirements effectively.
